

Free "You-Can-Do-It" Home Gardens Program to be Offered

Nashville Demonstration Organic Garden will offer a free square foot garden program beginning Monday February 20. The course is open to anyone who would like to learn about low-maintenance, raised bed gardening, especially those who are not gardening because of all the hard work, time and cost associated with a traditional garden. Participants who commit to completing all classes and sharing a dish made with an item they grew in their garden will receive all training materials and a 4ft x 4ft raised bed garden, soil, plants and seed to grow their own gardens during the course. Those who successfully complete the class may keep their gardens! Classes will be each Monday afternoon, from 1:00 to 2:30, February 20 through May 29, at the Howard County Senior Citizens Center. You must preregister to attend. Please contact Rita Rector at (870) 287-4573 or Rita4573@whiti.net to sign up. Classes are open to anyone interested. .
