“You Can Do It!” Square Foot Gardening

This spring will add a new dimension and extension to the Farmers' Market concept of eating fresh, home-grown produce - Grow your own! If you have ever wanted to grow a garden, or have grown a garden with little success and too much work, you will love these classes.

The square foot gardening method reduces the space, time, money and work of the conventional row garden by 80%. By the end of the classes, you will have a lovely little garden growing and will have learned all you need to know about growing a garden and being a successful gardener. In addition, these classes will actually help make you healthy, wealthy and wise. How so? You will have to attend the Square Foot Gardening classes this spring to find out!

Each Monday February 29 to June 27

1:00 - 2:30 pm

Senior Citizens Center

206 E. Howard St.

Nashville, AR

Contact Rita Rector at (870) 287-4573 or Rita4573@whiti.net for more information. Classes are free and open to anyone interested.
